Bible Study Overview

Lessons one through four are about learning to serve at home.

- I serve God when I am kind to those invited to my home.
- I serve God when I willingly help others.
- I can serve Jesus at home.
- When we help people who serve God, we serve Him too.

Lessons five through nine tell us that God keeps His promises.

- Because of God's grace, my sins are forgiven when I ask Him.
- God keeps His promises.
- God holds me in His hands and molds me.
- God gives me the grace and power to do His will.
- I know God keeps His promises, because Bible prophecies come true.

Lessons ten through fourteen remind us that worshiping is sharing our love for Jesus.

- I worship God when I tell others about His goodness and love.
- I worship God when I tell others about my love for Him.
- I worship God when I listen to the good news about Jesus.
- I worship God when I joyfully tell others about Jesus.
- I worship God with my offerings.

God's grace. *Grace* is a word that helps explain God's love in action toward people who don't deserve it.

- Grace is God's love providing Jesus Christ as a sacrifice for our sins.
- Grace is God's love encouraging us to accept that sacrifice.
- Grace is God's love inspiring us to respond in praise and worship.
- Grace is God's love giving us the wisdom and strength to treat one another with love and respect, just the way He treats us.

So welcome to *GraceLink*. God's grace is power. It's the unlimited, for-sure, forever power that finds you and fills you up with everything you need to live a full and wonderful life in Him.

To the leaders/teachers,

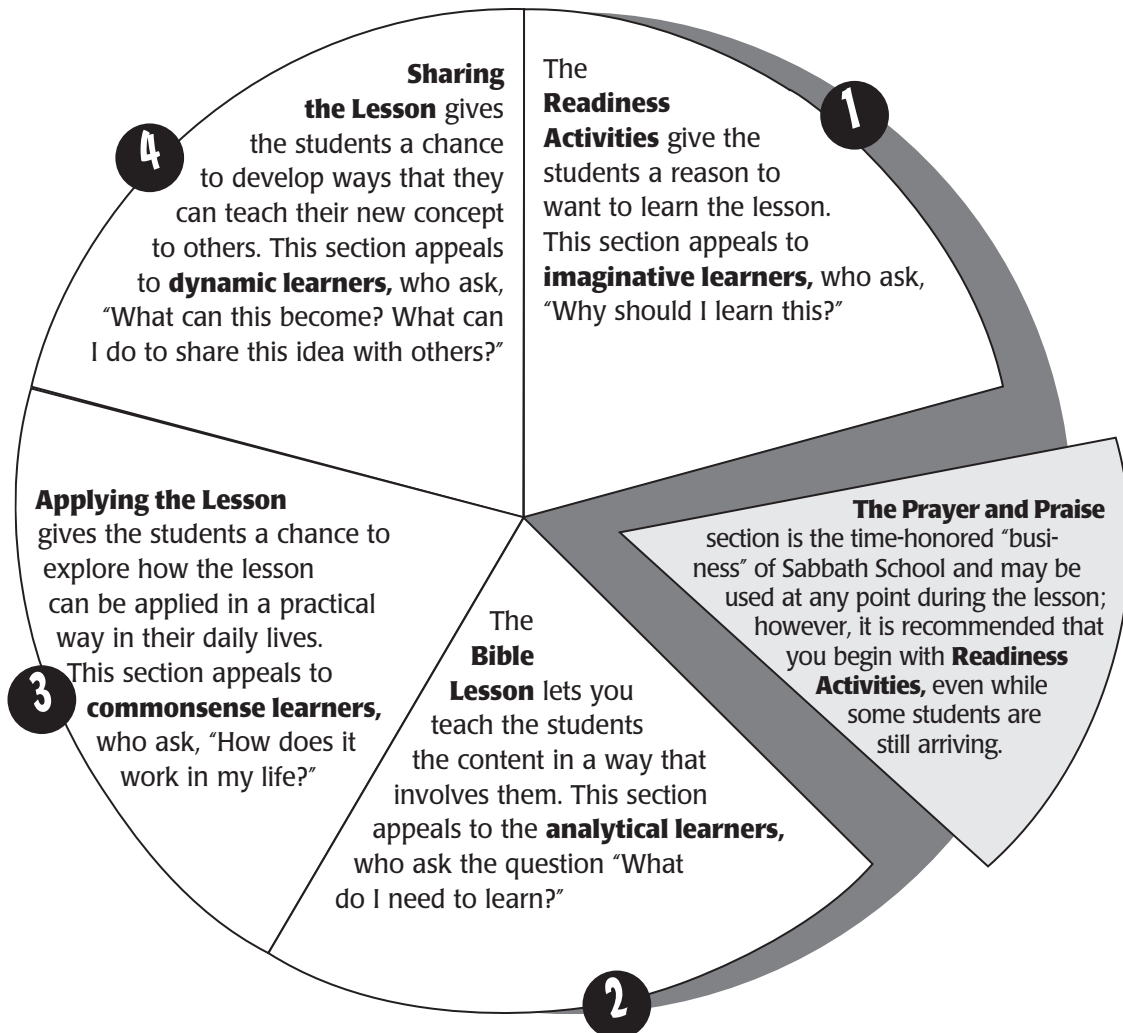

These guides were developed to:

A. Introduce the lesson on Sabbath, inspiring students to study that same lesson throughout the following week.

B. Focus the entire Sabbath School time on one message, one point about God’s grace, the response of worship we make to that grace, or how that grace empowers our loving relationships with one another and our service to a world God’s love created and sustains.

C. Give students active learning experiences so that they can more readily internalize the truths being presented. These experiences are followed by debriefing sessions in which you ask questions that lead the students to reflect on what they experience, interpret the experience, and apply that information to their lives.

D. Reach each student in the way he or she learns best. By following the natural learning sequence on which these outlines were based, you will also connect students with the message for the week in a way that will capture each one’s attention and imagination.

To use this guide . . .

Try to follow the natural learning sequence outlines, but adapt activities as necessary to make the program work in your particular situation.

Look ahead at the Program Overview for each week so you can be prepared with the simple materials suggested.
